

FIVE STEPS TO YOUR COVIC-TORY GARDEN

1. Look through the pictures of seed packets available. (You can view or download the PDF by clicking the text below a picture.)
2. Open the order form (view or download the PDF). List up to 10 varieties & email to cqceac.seedshare202x@gmail.com. In your email, select a few pickup times (on the hour or half hour) that work for you. We need to space arrivals to provide social distance. We'll fill orders on a first-come, first served basis, and get back to you to arrange a pickup time.
3. Drive to 1380 Curve St (3rd house on the left if you enter Curve from Westford St). Please try to be prompt; please wear gloves and a mask during pickup. If you see another customer picking up seeds, please wait until you see only one car (the owner's black Prius) in driveway. Your seeds, clearly labelled with your name, will be lying on the side porch, up a few steps from the driveway. Questions? Call 1-978-254-5757.
4. Open or download the online Carlisle planting calculator to organize your planting strategy (start inside vs. direct planting outdoors, etc.) If you have questions, consult the CGC Gurus, a group of volunteer experts led by Alison Saylor, at the email address listed in Step 2 above, and we'll be happy to help.
5. Plant your garden and enjoy. Don't forget, the CGC Gurus are available to help via email!

AND WAIT, THERE WILL BE MORE!

We're here throughout the season to help with any and all gardening questions. Plus, we're currently growing some seedling starts for free distribution around May 23, the date originally scheduled for the Garden Club plant sale. Details soon! – *The CGC Gurus*
